White at SGCC three days prior to the meeting, Phone: 519-336-2201

NOTE: All Members and Guests are requested to reserve in advance

MARCH Speaker

Presenter: Matt Hennin, Asco-Numatics Canada

Matt has 9 years of experience in the Fluid Power Field and 3 of them being with Asco-Numatics. He has worked extensively in the field of Air Preparation, Filtration & Valves. The process of air preparation has been at the core of Numatics business since its inception. Numatics has been an unparalleled leader in Air Preparation technology and offers the broadest range of product which prepare compressed air for drying, filtration, pressure & flow control, sensing, and safety.

Abstract: In Refining & Process industries, over 90% of the Control & Shutdown Valves and some other critical measuring & control instrumentation are pneumatically operated. All these critical instrumentation depends on quality of Instrument Air for safe & reliable operation. Instrument air is often wrongly assumed to be a cheap or even 'free' source of power. In fact, it can be 10 times as expensive as electricity by the time all generation, transmission, treatment and system costs are taken into account. Good air preparation must therefore be considered for safe,

NOTICES

Remember to renew your membership!... ISA Sarnia Section members who join or renew their memberships are entered in a draw for a free book.

If you wish to use the Sarnia ISA, you can contact the ISA Web master at sarniaisa@gmail.com

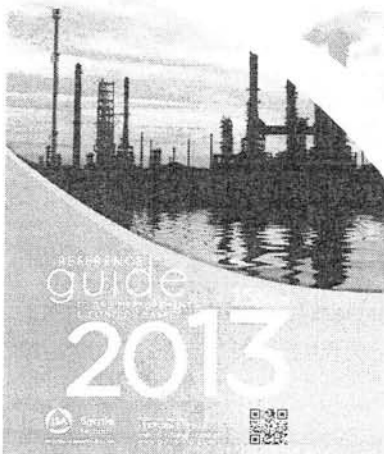

Have you renewed your membership. You may have received a notice stating your membership is due or you are in the grace period. **DON'T LET YOUR MEMBERSHIP LAPSE**
YOU BECOME THE LOOSER AND YOU NEED TO RE-APPLY. Do you really need This HASSLE!

2013 Reference Guide can be pick up at the following locations:

Pick-up in Sarnia at: *Lakeside Controls*, 581 Vidal St. S.
Wika, 1355 Confederation St.
Provincial Controls, 864 Philips St. E.

Presidents Message

Ready for Spring? We are, and to prove it we are going to buy you dinner! Our March General meeting is targeted for a March Madness Membership Drive. All members are invited to come out to the Sarnia Golf and Curling Club, March 25th, and bring a potential member (co-worker or person from the process, instrumentation and control industry) with you. Sarnia Section will pick up the dinner tab for everyone! This is my challenge to everyone: let's get 100 people in attendance! This will give an opportunity to network with other like-minded people, just like you, and listen to a presentation from an industry expert.

The Annual General Meeting / Awards Night in May will be held on board the Duc d'Orleans as we cruise down river to the River Crab for Dinner, and have our Award Ceremony on the boat! Pre-Registration is required, please contact me, (519)336-2405 day, (519)384-3336 cell, robd@specsarnia.com to get you and your guest's name on the list. Passport number and contact information required for pre- authorization of landing permits in the US. This has been a great year with our successful Tabletop Show and delivery of the Reference Guide. A lot of dedicated work has been put forward to make these and other events a reality. Thanks to all of you who gave of their time, it is very much appreciated. I encourage everyone to make ISA their networking venue and get involved in the events and meetings put on by our Sarnia Section. Feel free to contact myself or any of the Executive through our web www.isasarnia.com or direct e-mail and phone. See you on the 25th.

Rob Dickson - President ISA Sarnia Section

Congratulations to Co-chairmen Brad King and Phil Luppke for making our 2013 Table Top Show a success. All the tables were sold out and the educational seminars were excellent. With a good variety of topics. The Section is certainly please with your success.
