March Speaker

Presenter:

Eric Cosman is the principal consultant at OIT Solutions. Eric has over 35 years of experience in the process industries as a process engineer, process system software developer, telecommunications, IT operations, automation architecture and consulting. He has held leadership positions on various standard committees, industry focus groups and advisory panels. He is contributor to the work of ISA95 committee and has served as V.P. of Standards and Practice at ISA. He is currently a member of the ISA Executive Board and co-chair of the ISA99 committee on Industrial Automation and Security Systems (IACS)

NOTICES

NEW MEMBERS

2 FOR 1 MEMBERSHIP RECRUITING AND REWARDS

To kick off the New Year, we are introducing a new membership reward and recruiting program. To all existing members, if you recruit (sign up) a new paid up member to our ISA Sarnia section the section will cover the cost of your and their meal at the next dinner meeting. This will give you the opportunity to introduce the new member in a social atmosphere to the rest of our membership. When you do recruit a new member, make sure to **include your membership number on the application form** and ISA will send you a Gift Certificate to be used for ISA merchandise, technical conferences, training courses, publications or standards. As a member you get two rewards when you sign up one new paid member.

The reward for the new members, the Sarnia section will reimburse the cost of one year's membership fees, if you are joining **for the first time and sign up for two years**. Basically it is a 2 for 1 deal, where you can enjoy the benefits of membership for two years for this price.

Coming Events:

Plan for our forthcoming AGM evening. Monday May 25. It will be a great evening of fun with live entertainment with Mat Gauthier. Details to follow.

Our Reference Guide has been out since January 6. Did you get your personal copy? See below for information on getting a copy.

For information about the Guide or to add your advertisement page, please call:

Grafiks Marketing and Communication at 1-519-336-5230

2015 Reference Guides is available for distribution and can be pick up at the following locations:

Pick-up in Sarnia at: *Lakeside Controls*, 581 Vidal St. S.
Wika, 1355 Confederation St.
Provincial Controls, 864 Philips St. E.

President's Message

March's Message

Greetings everyone;

Our production of The Reference Guide to the Measurement and Control Market did get out early as expected, an excellent production. If you do not have a copy see one of your executive and he or she will get you a copy. We will bring some to hand out at the dinner meeting.

The next major events for the Section will be the Lambton County Science Fair (April 10), the Sarnia section tabletop show (April 14), the District DLC being held in Montreal (May 29-30) and then onto the AGM (May 25) where we will again be having a singer impersonator Matt Gauthier and of course our golf tournament (June 5). Hope everyone can make as many of these events as possible.

Kalpen will be looking for judges for the April 10th Lambton County Science fair.

Our table top show will be at the Holiday Inn and this time no snow so plan on attending to see the latest products and meet the vendors and sales team. The hours run from 11:00 am to 6:00 pm.

We are looking for a good turnout for our AGM this year which will be held at the Sarnia Golf and Curling Club, all welcome. Lots of laughs and great entertainment, all welcome.

Our golf committee hasn't met yet but stay tuned. The snow has to go away sometime?

For Companies that have openings for students and full time Instrumentation type positions ie sales, inside or outside etc. please let us know and we can post it for you. We know that we are always having members and students looking to get into the work force and you just might have the perfect fit for each other.

As far as the ISA Society is going they are working on all kinds of ideas to improve membership. If you have any ideas see your executive as we are always looking for members and leaders especially at the local level and may be able to promote your ideas at all levels of the Society.

As most ISA members have seen by their ISA emails it is the time to put in nominations for Society and local awards and for Society leader and section nominations. Review your emails and see if anyone you know may fit the requirements for an award and then nominate him or her. It is an honor to be nominated and a special honor to be selected. Give it some thought.

We are looking forward to a good turnout at our next meeting on March 30th. Bring a colleague. The topic for this meeting is on Cyber security and our guest speaker will be Eric Cossman. This is a very relevant and important topic that will touch us all.
