January Speaker

Presenter:

Dr. Jeffrey Needham has dedicated his life to maximizing the health and human potential of his community. His health centre in Sarnia, Ontario is one of the largest clinics of its kind in North America. Dr. Needham received his bachelor of Kinesiology from Brock University, his masters of Physiology from Brock University, and his Doctorate of Chiropractic from the Canadian Memorial Chiropractic College in Toronto. Dr. Needham has studied along side some of the greatest leaders in health care today and speaks annually to thousands of people teaching the essentials of health and maximized living.

His strategies for nutrition, fitness, children's health, spinal corrective care, and overall well-being have become the foundation of his Maximized Living seminars which draw thousands of attendees each year. He is a featured speaker, consultant, and doctor for numerous fitness centers, professional organizations, sports teams, and churches. Dr. Needham is the author of the widely popular book, **8 Days in May**: The amazing life changing story about awakening to your best life.

NOTICES

Remember to renew your membership!... ISA Sarnia Section members who join or renew their memberships are entered in a draw for a free book.

Do any of the members know a local Safety engineer who would be interested in putting on a Pre-start Health and Safety review dealing with Section 7 of the Regulations for Industrial Establishments. The short seminar would provide information in preparing and implementing compliance measures before new or modified apparatus, structure, protective element or process are put into production. Please contact the ISA Education coordinator at 519 330-4215 so he could contact interested candidates.

Have you renewed your membership? You may have received a notice stating your membership is now due or you happen to be in a grace period. **Don't let it lapse** It becomes a hassle. Please re-apply and avoid losing your membership status.

For information about the Guide or to add your advertisement page, please call:

Grafiks Marketing and Communication at 1-519-336-5230

2014 Reference Guides is available for distribution and can be pick up at the following locations:

Pick-up in Sarnia at: *Lakeside Controls*, 581 Vidal St. S.
Wika, 1355 Confederation St.
Provincial Controls, 864 Philips St. E.

January's Message

Greeting everyone;

On behalf of the Section executive I hope everyone had a safe and memorable New Year. Well we rang in 2014 and with it we start the second half of our section year. As I write this message we just got the news that this year's 16th edition of the "Reference Guide to the Measurement and Control Market" has arrived from the printers for distribution. If you do not get a copy and would like one please let one of your executive know and we will make one available.

The next major events for the Section will be the Lambton County Science Fair, the District DLC (being held in Niagara Falls) and then onto our AGM where we will again be having a cruise down river for dinner. Hope everyone can make it as we are looking for a good turnout?

For companies that have openings for students and full time Instrumentation type positions ie sales, technical application etc. please let us know and we can post it for you. We know that we are always having members and students looking to better themselves in the work force and you just might be the perfect fit for each other.

As far as ISA is going, we are still working on our Web site upgrade and will be looking forward to the roll out. The steps for the new governance structure are already in progress. There is a heavy emphasis being placed on cyber security (a hot topic) with training courses being set up to allow members to get certified.

Well that is enough for now. Looking forward to seeing everyone at our ISA Sarnia Section meetings and events and remember we are always looking for new members and volunteers to be part of our executive.

Mike Murray

Lambton College Industrial Instrumentation Award presentation

On November 5, 2013 the Sarnia section had the opportunity to present awards to the following students of the Instrument and Control Technology program.

Year 2 Christopher Buscema

Year 3 Saled Bagalegel

Year 3 Craig Nesbet

Year 3 Jordan Geerts

Our Congratulations to these recipients and we wish them our best in their forth coming endeavours.
