### 2 FOR 1 MEMBERSHIP RECRUITING AND REWARDS

To kick off the New Year, we are introducing a new membership reward and recruiting program. To all existing members, if you recruit a new paid up member to our ISA Sarnia section we will cover the cost of your meal at the next dinner meeting. This will give you the opportunity to introduce the new member in a social atmosphere to the rest of our membership. When you do recruit a new member, make sure they **include your membership number on the membership form** and ISA will send you a Gift Certificate to be used for ISA merchandise, technical conferences, training courses, publications or standards. As a member you get two rewards when you sign up one new paid member.

**The reward for new members**, the Sarnia section will reimburse the cost of one year's membership fees, if you are joining **for the first time and sign up for two years**. Basically it is a 2 for 1 deal, where you can enjoy the benefits of membership for two years for the price of one.

### Coming Events:

March 30th. Dinner meeting Speaker Eric Cosman re: Cyber Security.

Plan for our forthcoming AGM evening. Monday May 25. It will be a great evening of fun with live entertainment with Mat Gauthier. Details to follow.

Our Reference Guide has been out since January 6. Did you get your personal copy? See below for information on getting a copy.

The Section is looking into some possible day training seminars for our technicians. Stay tuned.

**For information about the Guide or to add your advertisement page, please call:**

## January's Message

Greetings and Happy New Year everyone;

On behalf of the Section executive I hope everyone had a safe and Happy New Year. The weather was certainly awesome for anyone travelling. Our 17th. edition of the "Reference Guide to the Measurement and Control Market" has just come in from the printers for distribution. If you do not have a copy and would like one please let one of your executive know and we will make one available. I presented the ISA Sarnia Section Lambton College Scholarship awards to the following winners, Brett Kaal, Luc Labbe, Robert Lachapelle and Simon Langford at the Lambton College Awards ceremony on November 27<sup>th</sup>.

The next major events for the Section will be the Lambton County Science Fair, the ISA Sarnia table top show and the AGM where we will have a change in venue this year with Mat Gauthier (a singing impressionist) entertaining us. Looking forward to see everyone there to enjoy the entertainment and have a lot of fun and laughter. At the end of May will be the District 13 DLC (District Leadership Conference) being held in Montreal.

For Companies that have openings for students and full time Instrumentation type positions i.e. sales, inside or outside etc. please let us know and we can post it for you. We know that we are always having members and students looking to enter our field of expertise and you just might have the perfect fit for each other.

As far as ISA is going we are putting the final touches to the Web upgrade, the new governance structure continues to evolve and cyber security continues to be a hot topic.

Looking forward to seeing everyone at our ISA Sarnia Section meetings and events and remember we are always looking for new members for our section and volunteers for our Executive. See the advertisement in our Annunciator for our new membership drive.

Comments and ideas are welcome; please forward to myself or any member of the Executive.

Mike Murray  
President, ISA Sarnia Section
