NOTICES

Remember to renew your membership!... ISA Sarnia Section members who join or renew their
memberships are entered in a draw for a free book. Welcome to our new members

Lambton County Science fair will be held on April 1, 2011 at the Lambton College on Friday from
5:30 to 9 p.m. and on Saturday on from 10 a.m. to 2 p.m.
The Section sponsors a monetary donation for the winners in three categories. The basis of the
category is the use of any instrumentation application they use in their project : example tempera-
ture , pressure , flow measurements and as applied to the project. This also includes the use of
instrumentation application such as robotics, plc application to the project. Come out a be a judge
and experience the enthusiasm that these young minds put to display

Strategic Planning Department welcomes your input. Please go to www.isa.org/spln and tell us your
ideas, suggestions, or comments.
Thank you

PS: Did you get a your 2011 Reference manual . Get one it is a hot copy. Valuable information

Remember to mark down May 30th on your calendar "The ISA annual Awards night "

.....

Editor's Quiz

There is NO winner for the March meeting "Free Dinner Quiz"

The QUIZ Question for the January meeting is " Who was the second elected President of
the Sarnia ISA " ANSWER: Ambey Foley (based on 2010 Reference Manual)
Due to the poor response to the " Free Dinner Quiz" it has been decided to close down this
this program. Thanks to everyone who participated.

# President's Message

## President's Message

Hello fellow members;

Here I am close to the end of my duties as ISA president for the Sarnia section. As with most things I am happy with some of my accomplishments and unsatisfied I did not accomplish everything I wanted to accomplish. Our section continued to struggle with increasing the membership and with attendance to our dinner meetings. We have not lost any real ground but we did not achieve the goals I had set for myself. Some of this was probably due to the fact I changed careers in the middle of my term and became very busy with my business career move. Our section is still one of the best sections in all of North America with great dedicated people. The end of June, I leave this section in good hands with Rob Dickson. Rob is enthusiastic and has some great ideas to help our section; I wish him all the best in his position as President of our section. I hope he will have more time to dedicate to the section than I have had this year. Our section deserves the attention. ISA is a great organization and I feel if more people really got involved they could appreciate the good things ISA is trying to do on a local and global basis. Our section continues to support our chosen charities and Lambton College, the Science fair as well as some other activities. For me this is my favorite parts of the society. Don't forget about the ISA Show on March 8/11. Brad King did an excellent job of selling the tables for this show. We had to rent another hall as Brad has sold out the main hall. Good work Brad this show will be worth the visit. All of you ISA members spread the word lets get the people out to the show this year, as usual it will be at the Holiday Inn and there will be give a way's and lots of great things to see and do at the show. The Science fair will be held at Lambton College on April 1, 2011, if you have never taken an hour out of your time to attend this function, I encourage you to give it a try, these young students always amaze me at how brilliant they are and some of the ideas they come up with are tremendous, definitely worth your time. ISA will be supporting these students with judges and financial support. Other events to watch out for that the ISA are directly involved with is the College Open House and Engineering Week these two functions will be held at the same time, the date is yet to be set. ISA will have a presence here with personnel and an information booth to assist our present members and future members. One more thing our May dinner meeting is our Awards Banquet, ISA has always had great entertainment at this function. If you do not attend any of our other meetings this is the one you will want to attend. It will be held May 30/11, bring your favorite person along with you it is a lot of fun. As you can see this is a busy time, our society does a lot of work behind the scene and deserves your support. Please encourage others that care about our community to join our section and get involved. Thank you to the ISA executive once more for all your assistance and the membership for you continued support.

Sincerely,  
Jeffrey A. Talbot  
Sarnia Section President.
