# NOVEMBER DINNER SPEAKER

**Marty Cole** is a graduate of Humber College with a diploma in Explosives Engineering Technology. He has worked for Hubbell Canada over 30 years and been involved with hazardous locations for much of that time. He is a member of the Canadian Electrical Code (CEC) Part I - Section 18 Subcommittee and CSA's Integrated Committee on Hazardous Location Products. He was vice-chair of the task force that added the IEC Zone System to Section 18 and chaired the committee that adopted the IEC 60079 Series standards as CSA standards. He advises on the development of, and is an instructor for, the CSA Learning Centres' course on Hazardous Location Fundamentals. Marty is chairman of the Hazardous Location Products sub-section of Electro Federation Canada's (EEMAC) Wiring Products Section, a member of the Stakeholder Advisory Committee for the Objective Based Industrial Electrical Code (OBIEC), a number of other CSA Part 2 standards, Standards Council of Canada IEC standards and technical committees related to IECEx System, TC31 and TC23. He has authored and co-authored numerous papers and articles on the subject of hazardous locations for the for the IEEE-PCIC, PCIC-Europe, IEEE-GCC, IEEE-IAS Magazine and other industry publications.

## NOTICES

**Remember to renew your membership!...** ISA Sarnia Section members who join or renew their memberships are entered in a draw for a free book.

Welcome to our new members - Larry Holbrough, Lee Butler and Chris Fordyce.

The Strategic Planning Department welcomes your input. Please go to [www.isa.org/spln](http://www.isa.org/spln) and tell us your ideas, suggestions, or comments.

Thank you

=====

### Editor's Quiz

**There were no winner from the September meeting "Free Dinner Quiz"**

**The QUIZ Question "Who was the first President of the ISA (North America) when it was formed in 1945" ANSWER:**

Albert F. Sperry, chairman of Panelit Corporation, **became ISA's first president in 1946** In that same year, the Society held its first conference and exhibit in Pittsburgh. The first standard, RP 5.1 *Instrument Flow Plan Symbols*, followed in 1949

**New Quiz for the November Dinner Meeting Draw - Free dinner at the January meeting**

**"What year was the Sarnia section Chartered? Was it 1945, 1946, 1947 or 1948?"**

On 28 April 1945 a group of visionary thinkers from local instrumentation societies met to organize

# President's Message

## Presidents Message

Hello fellow members;

We start a new year with a good one just passing. Our section worked hard at meeting our goals although not all were met most of them did get done. We supported our local charities by making donations to the Diabetic organization on behalf of our past member James Callery who unfortunately passed away suddenly last year and was a member of the present Executive. We also support our local hospital with funds to help buy equipment for our new hospital. If you have not been in to see this facility you should make an effort you would be pleased to know the atmosphere would actually make you feel better, a great improvement over the old facility. Lambton College students continued to get our support in the form of scholarships.

We enjoyed the ISA Golf Tournament as usual, attended conferences, and had a great response to our Honours and awards dinner. The Honours and awards dinner includes some great entertainment I would encourage more people to attend this function. It is a great night out for you and your mate at a very reasonable price. Our dinner meeting attendance changed very little even with the efforts put into advising people verbally of the meetings, this may improve as we build on this and include more interesting speakers. Our membership changed very little which in this economy is good news. You may have expected a decrease so I am happy with the results.

Unfortunately we did not accomplish the summer event that I hoped we could set up but maybe this year with the help of the program chairman.

The executive will continue to try and make every event enjoyable for you to attend and as always this is your section if you have any ideas please come forward and talk to any of the executive and we will try to implement your ideas into our functions.

Thank you for your support last year and I hope you continue to come out and support your section this year.

Jeffrey Talbot  
Sarnia Section President

### Editorial:

One of the biggest assets we have in the ISA is our training seminars. As members we should take the opportunity to take in at least one seminar per year. This coming year the Sarnia Section will be putting on a seminar open to the members as well as to any interested parties.

Another avenue of educational seminars will be during our Table top show.

There will be available short, interesting topics available to all attendees. Take this opportunity and get the latest technical knowledge.

Take advantage of this vast resource of knowledge and keep up-to-date on the latest industry practices, developments, and philosophies. It's one of your FREE benefits as an ISA Member! Visit [www.isa.org/webseminars](http://www.isa.org/webseminars).

Our friendly Treasurer Ken Armitage "The Treasurer takes all"

Sorry I have no pictures for Annunciator from our last dinner meeting. It was the camera, I was not familiar with this camera. I hope to improve by the next meeting or at least read the instruction book before the meeting.
