NOTE: All Members and Guests are requested to reserve in advance.

President's Message

President's Message

Greetings Everyone,

Thanks to all who attended the first general meeting of 2011/2012 in September. We had a very good turnout for the FDT Group to speak to us on the communication to smart field devices. All went smoothly with the expediting of display equipment and give-aways as well as a few table top displays from local vendors. There was good interaction between the audience and the speakers.

The Fall Leader's Meeting was held Oct 15-17, in Mobile, Alabama this year. Sarnia Section was represented by Past President Jeff Talbot, Mike Murray, Kalpen Vachharajani, and myself. Jeff accepted our award for Most Points Received for a Gold Section at the Gala Awards Banquet. We compete for this award each year going up against similar sized sections like Montreal, Hamilton, St Louis, and others. Many very deserving sections and individuals received their awards for many categories. It was good to see the many accomplishments honored. The number of people and meetings held, really opens one's eyes to the complexity of operating a society like ours. There are some really great people that have volunteered a lot of their time and efforts to keep the society working, and it is amazing to see it all come together. If there is anyone in our membership that feels they would like to be part of our executive, there are a few positions yet to be filled. Please come forward and let us know.

We are working on many things at this time.
The Reference Guide Committee is working on getting the guide out.
The Honors and Awards chair is getting recipients compiled.
The District Leader's Convention plans are coming together. It will be held here in Sarnia next May.
Membership chair has new brochures here for distribution.
Plus more to talk about next letter.

Our next guest speaker will be Gary Koratash from Wika to give us a better understanding of reactors and the control there of. I extend an invitation to all to attend and enjoy a beneficial evening with like minded people.

Best Regards,
Rob Dickson
