*Provincial Controls*, 864 Philips St. E.

## President's Message

### November's Message

Hello everyone.

Well another year has come and gone and again I am getting ready to depart to the Fall Presidents meeting in Kansas City. At this meeting I will receive an award for the Section President of the year for our continued section Executive success. I feel as Rob did that it is quite an honor for our Section. At this meeting I will be filling in as the section delegate and so far there doesn't seem to be any contentious items; at least on the surface, that will be put forth for a vote at the CSD. We are still wrestling with the Web changes but be patient we are making progress.

Rob Dickson just set up the ISA Sarnia Section booth and participated in the Lambton College student day last Saturday. I hope some of you had a chance to get there. Rob also had with him a new selection of ISA books which will be made available at the dinner meetings and any other ISA gathering, good job.

Come to our dinner meeting and take a look he just might have the book that you were looking for. Other events going on in the Section are the Lambton College Awards presentation on November 27th where I will hand out scholarship awards to some of our deserving members of our student section.

Our website is up and running so take a look and us know if it works for you or if you have any comments as to what you would like to see different. Remember, we are always looking for new members and looking for assistance on our committees. If you have spare time and a keen interest in your Instrumentation career you should be part of us. If you have any ideas for topics for speakers to assist our Program Chair Phil Luppke fill the dinner meetings step up and let us know.

Looking forward to seeing all of you at our next dinner meeting presentation and as always any comments or concerns please let your Executive know.

Thank you  
ISA Sarnia Section President

Mike Murray
