ISA President's Message

We had a good support for the Engineering week. Without your help it would be difficult for one person to undertake. Thank you. We have another one to do and this one is a fun one. It is the Lambton Science Fair. This is rather easy. It is a one evening event and the duration is about 2 1/2 hours or less. It is not only interesting to visit all the booths that fall under the ISA mandate and see what these young people have done in their project but also educational in witnessing the pride that they put into their project. Of course it also good for the ISA to have an image in the public eye. Again we will be counting on you to help out. We need about nine to

twelve people. Please come and help. It begins about 6: 00 p.m. and finishes about 8: 00 p.m. or sooner.

On May 3, 4 and 5 we will be hosting the District meeting in Sarnia and we invite all our members to attend. We expect it to be at the CAPT Center and starts on Saturday and Sunday at 8:30 am. It is educational in the affairs of knowing how the ISA functions, and also allows you to meet fellow members in our District. So as you can see we have a busy Spring. Participate have fun. See you at the meeting.

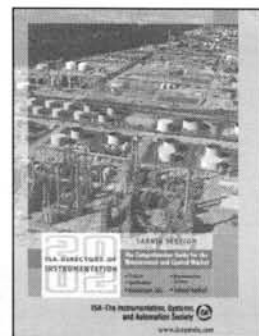

Regards... Randy Dennie
President, ISA Sarnia Section
