ISA Guest Speaker Abstract

Terry Koehler

Terry is a Variability Reduction Specialist with Lakeside Process Control. He has worked extensively in the Mining and Metallurgical, Specialty Chemical and Water Treatment Industries in demonstrating and mitigating the costs of process variability. Prior to his employment at Lakeside, he was a process engineer and project manager for Hatch and was responsible for the design and commissioning of metallurgical facilities. Terry holds a BAsC and MASc in Chemical Engineering from the University of Waterloo.

Getting Your Voice Heard

"Council of society Delegates" are meeting to vote on some VERY IMPORTANT ISSUES directly related to you, during President's Fall Meeting in Chicago in October, 2002. Please be present and take a survey at our section's September 30, 2002 dinner meeting and provide your feedback to your Section Delegate & District Vice President.

Don't forget to register your attendance in advance!

ISA Sarnia Section ISA Dinner Meeting

Above: Our thanks to May Guest Speaker
Bob Rodriguez II.

Below: our thanks to Randy Dennie on a successful 2
years as section president shown here with Maureen
Lynas.

ISA President's Message

This is my first message as President, so bear with me as I try to make that perfect first impression. I feel really honored to become a President of such a strong & "Performing" section. At the same time, I know very well that, it will be hard for me to fit myself in to the shoes of past president's like Randy Dennie, Mike Murray and others, whose leadership has helped our section earn a very respectable position locally and even at the society level.

I am very proud to announce that our section has once again won the "Section Performance Achievements Award" for the year 2001-2002. With this we have won 3 awards in last 4 years. This is an excellent achievement in itself and this would have never been possible without your participation and cooperation in the section activities.

This year I am glad to have many new faces on the section executive committee. The executive committee has held a Planning Meeting on August 26 and many fresh ideas were presented at the meeting. This year your executive committee will be busy implementing these plans and with your participation we are looking forward for a busy and successful year. Your executives are committed to offer you quality programs and you can also help by actively participating in the section events like dinner meetings, educational seminars, table-top show, engineering week, golf tournament etc.

At this time I also want to remind you about the upcoming "Big" ISA Show and Technical Conference on October

21-24 in Chicago. Let me tell you, this year's event will be "TOO BIG TO MISS" so mark your calendar and make a point to visit this event. Visit www.isa.org for more detailed information on schedule of events. Your "Council of Society Delegates" will also meet and vote on some important issues directly related to you during "President's Fall Meeting", which will also run in conjunction with this "Big" show. A survey will be distributed at our section's September dinner meeting which will inform you about all the issues coming up for a vote against "Council of Society Delegates". Please be present and get your voice heard on this VERY IMPORTANT ISSUES directly related to you, by participating in the survey at the upcoming dinner meeting.

We always welcome your suggestions & are open to new ideas to serve you better and really want to make your ISA membership experience rewarding and mutually beneficial. Please feel free to contact me or any of the executive committee member if you'd like to see our section getting involved in any activities which can help our members, or if you'd like to get involved in any way.

Looking forward for a chance to talk to you in person at the next dinner meeting.

Kalpen Vachharajani - President

DISTRICT 13 LEADERSHIP CONFERENCE

ISA - THE INSTRUMENTATION, SYSTEMS & AUTOMATION SOCIETY

Sarnia Section - Live Web Seminars

It's time to kick off the new ISA year! summer is rapidly drawing to a close and ISA Sarnia Section is pleased to kick-off the new 2002-2003 season with a series of Industrial Ethernet Live Web seminars presented by ISA Training Institute.

Led by industry expert Eric Byres, these 90-minute seminars will teach you how to implement Ethernet at your facility.

1. "Understanding Ethernet Cabling and Hardware" (9 September) overviews equipment options and where each should/should not be used.
2. "Is Ethernet Ready for the Plant Floor?" (25 September) discusses the myths and realities of using Ethernet in industrial environments.
3. "Designing Industrial Ethernet Networks" (3 October) introduces the principles of good Ethernet system design.

Location: Room number: N103, Business & Industries Center, Lambton College Sarnia.

Time: 2:00 pm to 3:30 pm

Price: \$35.00 (Members) - \$50.00 (Non-Members) - Each Seminar per Person

Price: \$35.00 (Members) - \$45.00 (Non-Members) - Each Seminar per Person - When you register for all 3 seminars.

Registration: Call **BY THURSDAY SEPTEMBER 5TH** (for September 9 seminar, for other 2 seminars, please register by September 20th) by calling Romatec at 337-7416, or emailing Brian Davidson at davidsonb@romatec.com.

It's time to get on the ISA Team and participate. Enroll for the educational seminars now!

Visit - <http://www.isa.org/rd.cfm?id=970> for detailed information on seminars.
